

UNITED STATES DISTRICT COURT
NORTHERN DISTRICT OF CALIFORNIA

IN RE: CATHODE RAY TUBE (CRT)
ANTITRUST LITIGATION

MDL No. 1917

Case No. C-07-5944 JST

This Order Relates To:

**ORDER REGARDING IMPROPER
FILINGS BY SHARP AND LG
ELECTRONICS**

ALL ACTIONS

The deadline to file motions for leave to file certain new motions was April 12, 2016. ECF No. 4261. Several parties filed motions on or around that date. Sharp and LG Electronics ("LGE"), however, only filed motions to seal, ECF Nos. 4551, 4556, without separately filing the underlying motions in redacted form separately as required.¹ Accordingly, the only new motions from Sharp and LGE currently before the Court are motions to seal. Sharp and LGE are hereby ORDERED to file the underlying motions, ECF Nos. 4551-3, 4556-3, separately, in redacted form, and without revisions or modifications, no later than April 18, 2016. Responses to the underlying administrative motions are now due by April 22, 2016.

IT IS SO ORDERED.

Dated: April 15, 2016

JON S. TIGAR
United States District Judge

¹ Although the underlying motions, ECF Nos. 4551-3, 4556-3, were filed as attachments to the motions to seal, the underlying motions were not filed separately for the Court's consideration.
